### **DETAILED ACTION**

1. In view of the supplement appeal brief filed on December 13, 2007, PROSECUTION IS HEREBY REOPENED. New grounds of rejections are set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing on the last page of the action.

### ***Claim Rejections - 35 USC § 101***

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

**Claim 24** is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. "A computer readable medium comprising instructions to perform the steps of claim 1" is not statutory because there is no tangible

**Claims 1-23** are rejected for being methods claims performed by the computer readable medium.

***Allowable Subject Matter***

3. **Claims 25-49** are allowed.

***Response to Arguments***

4. Applicant's arguments with respect to **claims 1-49** have been considered but are moot in view of the new ground(s) of rejection.
